

RS24L

Mini-rider Auto Scrubber

Why walk when you can ride and make cleaning more enjoyable. This ICE micro-rider is an impressive innovation! The RS24L i-Synergy has the sizes not bigger than a regular walk-behind scrubber. The steering-system is unique, therefore the RS24L has a short turning radius. The scrub deck is positioned at the front of the machine and has a width of 60 cm with two brushes or pads. Real-time and daily reports from data such as: location, operating- and charging time and cleaned surface. Smart and fullservice cleaning for a fixed price per month!
