

RS36L+

Ride-on Scrubber

The all new RS36L+ i-Synergy rider auto scrubber is fully automated with a one-button programmable switch for training-free operation, and a three-setting pad pressure of up to 91 kg allows for maximum cleaning efficiency. Its digitized (1% to 5%) solution mixing system makes solution composition change simple, and the compact design gives the RS36L maximum maneuverability. The standard i-Synergy system provides data driven cleaning with 100% cost and calculation clarity. Smart and full-service cleaning for a fixed price per month!
