

iW90

Wet/Dry Vacuum

The iW90 is a wet/dry vacuum that utilizes a two-stage tangential vacuum motor with a water lift capability of 90" to enable maximum water recovery. The front-mounted squeegee (26in) further increases efficiency. Any maintenance is incredibly simple thanks to its extra large recovery tank window. The iW90 also has an ergonomically designed, adjustable handle and rotationally molded body for maximum durability.

iW90

Benefits

- Wide, 26" front-mount squeegee provides efficient pick-up
- Ergonomic, adjustable handle with easy-to-use fingertip controls
- Ready for wet or dry applications with 5-piece contractor tool kit including: crevice tool, dusting brush, wet & dry pick-up tools, stainless steel wand, and 7' hose
- 2-stage tangential vacuum motor for maximum water recovery
- On-board tool storage and cord wrap for easy access
- 10" rear stair climbing wheels for easy transport and maneuverability
- 10" stair-climbing wheels and industrial grade casters for maneuverability
- Large recovery tank window to monitor water level

Technical Specifications

Model Type	USA	iW90
Wet Capacity	GALLON	20
Squeegee Width	INCH	26
Vacuum Motor, Waterlift	INCH	90, 2-stage
Airflow at Sealed Orifice	INCH	95
Motor	VOLT	120
Sound Level	DBA	72
Vacuum Hose	FT	7
Cloth Filter Bag	GALLON	5.3 (1/pkg)
Power Cord, Safety Yellow	FT	50
Wheels, Non-Marking (2)	INCH	Front casters: 3.5 in; rear: 10 in
Amp Draw	AMPS	10
Weight	LB	88
Sizes	LXWXH INCH	35x19x37
Optional Paper Filter Bags	GALLON	5.3
Tool Kit, 5-piece - crevice tool, dusting brush, wet & dry pick-up tools, stainless steel wand
