

iS1100L+

Rider Sweeper

The iS1100L+ rider sweeper provides effective one-pass sweeping of large commercial or industrial flooring including concrete, finished hard floors, and carpet (optional carpet brush available). The modern compact design, ergonomic seating and touch panel controls provide easy operation and can maneuver around tight spaces. Designed to handle hours of uninterrupted run time, the lithium-ion battery operated sweeper provides a variable speed forward and in reverse and comes complete with an on-board charger.

Our state-of-the-art fleet management software, i-Synergy, gives you real-time access to valuable data including location, operating times, and confirmed clean—all through user-friendly reports that can be emailed directly to you.

iS1100L+

Benefits

- Reduce machine downtime with active maintenance from our dedicated team of technicians
- Monitor your machine locations and performance through i-Synergy Fleet Management
- Increase efficiency and performance through easy to read cleaning reports
- Confirm clean with interested stakeholders through downloadable cleaning reports
- Improve cleanliness with dual-stage filtration system
- Ensure staff and building occupant safety with our lithium-ion batteries
- Save time and money training staff with all-inclusive training and user friendly equipment
