

i20NBT-0B

20" Orbital Scrubber

The self-propelled i20NBT-0B has new orbital scrubbing technology that offers a deeper, more uniform clean. With an oversized 15 gal tank, touch panel controls, variable pad pressure, and durable steel/aluminum parts, the i20NBT-0B has the same benefits as our non-orbital machine, but its square pad can fit into the corners many scrubbers cannot.

i20NBT-OB

Benefits

- Rectangular, orbital pad provides consistent, multi-directional scrubbing and ability to clean along edges and in corners
- Lifetime parts warranty on orbital deck isolators
- Quickly change-out squeegees, pads, or brushes without tools
- Traction-drive forward and reverse for efficient cleaning
- Filter assembly and auto-float shutoff protects vacuum motor
- Front red strobe light supports safety while cleaning
- Variable 65 to 99 pounds of pad pressure for deep cleaning high traffic areas
- Intuitive, ergonomic controls for simple operation
- Large 15-gallon solution tank improves working efficiency
- 150 AH batteries, on-board charger, pad driver, and squeegee assembly included
