

The Y-series

Premium Clean. Less Waste. Lower Cost.

Why the Y Series Delivers More for Less

- Same ICE – Premium build – Toughest tanks in industry
- Higher cleaning efficiency – up to 24,000 sq ft/hour
- Reduced complexity for faster maintenance and training
- Lowest lifetime operating costs on the market today

Auto Scrubber

Premium Build — Proven in the Field

- Die-cast aluminum deck, curved squeegee, up to 99 lbs pad pressure
- Magnetic pad drivers

Lower Lifetime Cost — By Design

- ICE lithium-ion battery delivers more runtime per day
- Fewer parts, simpler service, lower energy use, easy training

Best Warranty

- Longest and easiest warranty in the industry
- Lifetime warranty on ICE lithium-ion battery

Technical specifications

Model type	USA	i24YTL
Voltage	Volt	24V
Cleaning Path	inches	24
Traction		for-/backwards
Number of pad drivers	pcs	2
Brush rotation speed	rpm	220
Brush motor	V/Watt	24V/550 W
Brush pressure	lbs	66-99
Squeegee	inches	31.5
Solution Tank	gallons	16
Recovery Tank	gallons	17
Batteries	V/Ah	24 V /60 Ah
Type batteries NA	standard	Li-ion
Sound Level	dBA	68
Weight without batteries	lbs	227
Weight with batteries	lbs	273
Run time per charge	hours	3
Cleaning Productivity	sqft/hour	28,000
Sizes LxWxH	inches	52x26x44
Gradeability	%	5
