

The Y-series

Premium Clean. Less Waste. Lower Cost of Ownership.

Why the Y Series Delivers More for Less

- Same ICE – Premium build – Toughest tanks in industry
- Higher cleaning efficiency – up to 24,000 sq ft/hour
- Reduced complexity for faster maintenance and training
- Lowest lifetime operating costs on the market today

Auto Scrubber

Premium Build — Proven in the Field

- Die-cast aluminum deck, curved squeegee, up to 99 lbs pad pressure
- Magnetic pad drivers

Lower Lifetime Cost — By Design

- Increased efficiency with user friendly touch button controls
- Fewer parts, simpler service, lower energy use, easy training

Best Warranty

- Longest and easiest warranty in the industry
- Parts shipped out same day

Technical specifications

Model type	USA	i20YT
Voltage	Volt	24V
Cleaning Path	inches	20
Traction		for-/backwards
Number of pad drivers	pcs	1
Brush rotation speed	rpm	220
Brush motor	V/Watt	24V/550 W
Brush pressure	lbs	66-99
Squeegee	inches	31.5
Solution Tank	gallons	16
Recovery Tank	gallons	17
Batteries	V/Ah	24 V /150 Ah
Type batteries NA	standard	Lead Acid or AGM
Sound Level	dBA	68
Weight without batteries	lbs	227
Weight with batteries	lbs	441
Run time per charge	hours	3
Cleaning Productivity	sqft/hour	24,000
Sizes LxWxH	inches	55x22x44
Gradeability	%	5
